

## TECHNICAL DATA SHEET

Eurovent **SNOWSTOPPER 21**

The Eurovent SNOWSTOPPER 21, a snow-stopping grate is manufactured from galvanized steel, connections are thermally welded together. Designed for use as protection against movements of mass quantities of snow which may cause damage to property and pedestrians. Prevents gutter detachment. Installed with the use of adapter on roof slopes ranging from 15 to 60 degrees.

PARAMETER	UNIT	VALUE
Material		Steel grade S235JR
Width	[mm]	ca. 200
Length	[m]	1,0; 2,0; 3,0
Coating thickness	[µm]	≥ 60
Corrosion protection		Hot-dip galvanized
Zinc coating thickness	[µm]	≥ 55
UV-resistant		Resistant
Colour	[RAL]	Galvanized steel; cherry 3004; cherry 3011; chestnut 3009; wallred 8004; brown 8017; brown 8019; anthracite 7016; graphite 7024; black 9005;
Package	[pcs]	2

**Advantages:**

- Double protection against corrosion
  - Fast and easy installation
- For various roof coverings

## Eurovent **SNOWSTOPPER 21**

### Application and montage:

The Eurovent SNOWSTOPPER 21, a snow-stopping grate is designed for use as snow protection element for sloping roofs. Several adapters enable installation on nearly all types of roof coverings including standing-seam metal roofing. Fixed by pushing and bending the mounting part of the adapter.

### Storage / transport:

The product should be stored under roof in dry, damp-free rooms, protected from direct UV radiation. Product can be deformed, disfigured or suffer from damages of galvanized/paint coating if put under high pressure. Therefore it is unadvised to stack the product with other heavy products (both in storage and in transport). It is recommended to transport the product with use of covered means of transport, in manner that protects them from damage. During the transport safety regulations have to be observed. The product should be protected from chemical agents, in particular solvent-based substances, as they can reduce technical parameters of the product or permanently damage it.

The product is under warranty, providing that the guidelines included in technical data sheet are being obeyed. We reserve the right to refuse a complaint recognition in case of not following these guidelines.

*Included information, advices and guidance is given based on our best knowledge, researches, experience and in good faith. We are not be held responsible for the consequences of improper or incorrect use of our products. Each user of the product shall ensure, in every possible way, including checking the end-product in given conditions, that the provided product is suitable to reach objectives he pursues.*
