

Eurovent CLIP

The clip for snow-stopping pipe – Eurovent CLIP. Manufactured from galvanized steel enables the clip to be used as a connector of the grates into a row. Available in several colour versions, painted with powder paint according to RAL chart.

PARAMETER	UNIT	VALUE
Material		steel grade S235JR
Length	[mm]	60
Steel sheet thickness	[mm]	0,8
Coating thickness	[µm]	≥ 60
Corrosion protection		Hot-dip galvanized
Zinc coating thickness	[µm]	≥ 55
Colour	[RAL]	Galvanized steel; wallred 8004; brown 8017; brown 8019; anthracite 7016; anthracite 7024*; black 9005; chestnut 3009*; green 6020*; cherry: 3004*
Package	[pcs]	50

Advantages:

- Double protection against corrosion
 - Fast and easy application
 - Strength and durability

Eurovent CLIP

Application:

The clip for snow-stopping pipe – Eurovent CLIP is designed for connecting two snow-stopping grates (pipes) into a row. The clips are applied on the upper and lower rods of two neighbouring grates to ensure reliable connection.

Storage / transport:

The product should be stored under roof in dry, damp-free rooms, protected from direct UV radiation. Product can be deformed, disfigured or suffer from damages of galvanized/paint coating if put under high pressure. Therefore it is unadvised to stack the product with other heavy products (both in storage and in transport). It is recommended to transport the product with use of covered means of transport, in manner that protects them from damage. During the transport safety regulations have to be observed. The product should be protected from chemical agents, in particular solvent-based substances, as they can reduce technical parameters of the product or permanently damage it.

The product is under warranty, providing that the guidelines included in technical data sheet are being obeyed. We reserve the right to refuse a complaint recognition in case of not following these guidelines.

Included information, advices and guidance is given based on our best knowledge, researches, experience and in good faith. We are not be held responsible for the consequences of improper or incorrect use of our products. Each user of the product shall ensure, in every possible way, including checking the end-product in given conditions, that the provided product is suitable to reach objectives he pursues.
