

TECHNICAL DATA SHEET

Eurovent **EAVES GRATE ALU RAL**

The aluminium Eurovent EAVES GRATE ALU RAL is made of high quality aluminium with perforations in the form of openings on the whole surface, which ensure proper ventilation within the protected area.

PARAMETER	UNIT	VALUE
Material		Aluminium
Dimensions	[mm x rm]	100 mm x 25 rm
Thickness	[mm]	0,6
Perforation circle hole	[mm]	5
UV resistance		Resistance
Color	[RAL]	Brown 7016; anthracite 8017;
Carton	[pcs]	BOX: 1
Pallet	[box]	80

**Advantages:**

- Proper ventilation • UV resistance
- Rodents resistanc

## Eurovent EAVES GRATE ALU RAL

### Application:

The Eurovent EAVES GRATE ALU RAL designed for protecting ventilation intakes in building facades and eaves areas in ventilated roofs against the penetration of birds, rodents and insects. Ensures proper ventilation and air circulation within the building facade and roof areas by preventing penetration of wind-driven leaves and other impurities. Suitable for application with nearly all types of roof coverings.

### Storage / transport:

The product should be stored under roof in dry, damp-free rooms, protected from direct UV radiation. Product can be deformed, disfigured or suffer from damages of galvanized/paint coating if put under high pressure. Therefore it is unadvised to stack the product with other heavy products (both in storage and in transport). It is recommended to transport the product with use of covered means of transport, in manner that protects them from damage. During the transport safety regulations have to be observed. The product should be protected from chemical agents, in particular solvent-based substances, as they can reduce technical parameters of the product or permanently damage it.

The product is under warranty, providing that the guidelines included in technical data sheet are being obeyed. We reserve the right to refuse a complaint recognition in case of not following these guidelines.

*Included information, advices and guidance is given based on our best knowledge, researches, experience and in good faith. We are not be held responsible for the consequences of improper or incorrect use of our products. Each user of the product shall ensure, in every possible way, including checking the end-product in given conditions, that the provided product is suitable to reach objectives he pursues.*
