

## TECHNICAL DATA SHEET

### Eurovent **VALLEY CLIP**

Roof valley clip made of aluminum sheet and coated with polyester paint. Shape of the clip and precise openings allow for fast and easy installation of the roof valley to the roof construction.

PARAMETER	UNIT	VALUE
Material		aluminum
UV resistance		resistant
Weight	[kg]	ca. 1.5
Box	[pcs]	50

#### Advantages:

- UV resistance
- Fast and easy application
- Resistance to corrosion

## Eurovent **VALLEY CLIP**

### Application:

Clip is designed for use as mounting element for the roof valley. Ensures fast and easy installation and allows to avoid additional drilling in the roof valley which could result in leaks.

### Storage / transport:

The product should be stored in a dry place, under cover, free from moisture and UV radiation in original undamaged and closed package. Rolls should be transported in covered means of transport. They should be prepared for transport in a manner that protects them from damage and destruction. During transport safety regulations must be observed. The product should be protected from chemical agents, in particular solvent based substances, as they can reduce technical parameters of foil or permanently damage it.
