

Eurovent **FIX METAL FLAT**

The Eurovent FIX METAL FLAT is an adapter for snow-stopping grate. Manufactured from galvanized steel, connection made in the TOX technology. Designed for use as a mounting element for snow-stopping grate on the standing-seam flat metal roof coverings. Available in several colour versions painted with powder paint according to RAL chart. Suitable for application on roof slopes ranging from 15 to 60 degrees.

PARAMETER	UNIT	VALUE
Material		Stal gat. S235JR
Coverage Type		Flat standing seam
Coating thickness	[µm]	≥ 60
Corrosion protection		Hot-dip galvanized
Zinc coating thickness	[µm]	≥ 55
Colour	[RAL]	Zinc; brick 8004; bronze 8017; bronze 8019; anthracite 7016; anthracite 7024*; black 9005; chestnut 3009*; green 6020*; cherry: 3004*
Package	[pcs]	5

Advantages:

- Double protection against corrosion
 - Fast and easy installation
 - For flat metal sheets

Eurovent **FIX METAL FLAT**

Application:

The adapter for snow-stopping grate Eurovent FIX METAL FLAT is designed for use as an adapter for snow-stopping grate. It is used as a protection element enabling efficient fixing of the snow-stopping grate on sloping roofs made from flat metal sheets finished with a standing-seam. Its installation is quick and easy - it is fixed directly to the roof construction with the use of screws.

Montage:

Mounted directly to the roofing with four screws attached to the product.

Storage / transport:

The product should be stored under roof in dry, damp-free rooms, protected from direct UV radiation. Product can be deformed, disfigured or suffer from damages of galvanized/paint coating if put under high pressure. Therefore it is unadvised to stack the product with other heavy products (both in storage and in transport). It is recommended to transport the product with use of covered means of transport, in manner that protects them from damage. During the transport safety regulations have to be observed. The product should be protected from chemical agents, in particular solvent-based substances, as they can reduce technical parameters of the product or permanently damage it.

The product is under warranty, providing that the guidelines included in technical data sheet are being obeyed. We reserve the right to refuse a complaint recognition in case of not following these guidelines.

Included information, advices and guidance is given based on our best knowledge, researches, experience and in good faith. We are not be held responsible for the consequences of improper or incorrect use of our products. Each user of the product shall ensure, in every possible way, including checking the end-product in given conditions, that the provided product is suitable to reach objectives he pursues.
