

Eurovent **FIX TUBE METAL FINNERA**

The Eurovent FIX TUBE METAL FINNERA is an adapter for snow-stopping pipe, manufactured from galvanized steel sheet. Enables the assembly of a snow-stopping grate on a FINNERA 330/30 mm -module metal roofing tile. Available in several colour versions painted with powder paint according to RAL chart. Suitable for application on roof slopes ranging from 15 to 60 degrees.

| PARAMETER | UNIT | VALUE |
|-----------------------|-------|---|
| Material | | Steel (grade S235JR) |
| Dimension | [mm] | Flat bar 30 |
| Bracket length | [mm] | 330 |
| Fin height | [mm] | About 180 |
| Steel sheet thickness | [mm] | Flat bar - 4 Fin - 3 |
| Hole diameter | [mm] | Ø 34 |
| Hole spacing | [mm] | 47 |
| Colour | [RAL] | Galvanized steel; wallred 8004; brown 8017; brown 8019; anthracite 7016; anthracite 7024*; black 9005; chestnut 3009*; green 6020*; cherry: 3004* |
| Corrosion protection | | Hot-dip galvanized |
| UV-resistant | | Resistant |
| Package | [pcs] | 5 |

Advantages:

- Double protection against corrosion
 - Fast and easy installation
- For metal roof tiles of the FINNERA module

Eurovent **FIX TUBE METAL FINNERA**

Application:

The adapter for snow-stopping grate Eurovent FIX TUBE METAL FINNERA is designed for use as an adapter for snow-stopping grate. It is used as a protection element enabling efficient fixing of the snow-stopping grate on sloping roofs covered with profiled metal roof tiles of the FINNERA module. Its installation is quick and easy - it is fixed directly to the roof construction with the use of screws.

| ADAPTER | THE LENGTH OF THE ROOF TILE MODULE [MM] | HEIGHT OF CREASE [MM] |
|------------------------|---|-----------------------|
| FIX TUBE METAL FINNERA | 330 | 30 |

Storage / transport:

The product should be stored under roof in dry, damp-free rooms, protected from direct UV radiation. Product can be deformed, disfigured or suffer from damages of galvanized/paint coating if put under high pressure. Therefore it is unadvised to stack the product with other heavy products (both in storage and in transport). It is recommended to transport the product with use of covered means of transport, in manner that protects them from damage. During the transport safety regulations have to be observed. The product should be protected from chemical agents, in particular solvent-based substances, as they can reduce technical parameters of the product or permanently damage it.

The product is under warranty, providing that the guidelines included in technical data sheet are being obeyed. We reserve the right to refuse a complaint recognition in case of not following these guidelines.

Included information, advices and guidance is given based on our best knowledge, researches, experience and in good faith. We are not be held responsible for the consequences of improper or incorrect use of our products. Each user of the product shall ensure, in every possible way, including checking the end-product in given conditions, that the provided product is suitable to reach objectives he pursues.
