

TECHNICAL DATA SHEET

Eurovent SUPPORT METAL FLAT

The adapter Eurovent SUPPORT METAL FLAT is a mounting element of a platform grip as well as of a chimney step, which enables their installation on flat metal coverings, especially on those finished with a standing seam. Offered in a set with mounting screws, in a powder-coated version.

PARAMETER	UNIT	UNIT
Material		Steel grade S235JR
UV resistance		Resistance
Coverage Type		For flat sheets with standing seam
Coating thickness	[µm]	≥ 60
Corrosion protection		Hot-dip galvanized
Zinc coating thickness	[µm]	≥ 55
Colour	[RAL]	Galvanized steel; wallred 8004; brown 8017; brown 8019; anthracite 7016; anthracite 7024*; black 9005; red 3004; green 6020*; cherry: 3011*
Bracket weight	[kg]	ca. 1.2
Packing weight	[kg]	ca. 12
Package	[pcs]	10

Advantages::

- Double protection against corrosion
 - Fast and easy installation
- For standing-seam metal roofing

* to order

Eurovent SUPPORT METAL FLAT

Application:

The adapter Eurovent SUPPORT METAL FLAT is designed for use as a roof communication element for efficient installation of the Eurovent® PLATFORM chimney platform or the Eurovent® STEP chimney step on a roofing made of standing-seam metal roofing sheet. When installing the chimney platform, the universal grip Eurovent® GRIP must be also used.

Fitting:

Mounted directly to the roofing with four screws attached to the product.

Storage / transport:

The product should be stored under roof in dry, damp-free rooms, protected from direct UV radiation. Product can be deformed, disfigured or suffer from damages of galvanized/paint coating if put under high pressure. Therefore it is unadvised to stack the product with other heavy products (both in storage and in transport). It is recommended to transport the product with use of covered means of transport, in manner that protects them from damage. During the transport safety regulations have to be observed. The product should be protected from chemical agents, in particular solvent-based substances, as they can reduce technical parameters of the product or permanently damage it.

The product is under warranty, providing that the guidelines included in technical data sheet are being obeyed. We reserve the right to refuse a complaint recognition in case of not following these guidelines.

Included information, advices and guidance is given based on our best knowledge, researches, experience and in good faith. We are not be held responsible for the consequences of improper or incorrect use of our products. Each user of the product shall ensure, in every possible way, including checking the end-product in given conditions, that the provided product is suitable to reach objectives he pursues.
