

TECHNICAL DATA SHEET

Eurovent DECK

The Eurovent DECK is a ridge finishing element designed for closing the roof ridge. Made of plastic, it has special, evenly arranged ventilation openings, to ensure proper air circulation within the ridge area.

PARAMETER	UNIT	VALUE
Material		polymer
Size	[mm x mm]	165 x 220
UV resistance		resistant
Softening temperature PN-EN ISO 306:2006/B50	[°C]	≥ 75
Color	[RAL]	brick 8004, brown 8019, black 9005
Box	[pcs]	50
Pallet	[pcs]	12 250

Advantages:

- Fast and easy installation • Weatherproof
- Neat finishing

** UV stabilization even up to 4 months according to artificial ageing performed in the laboratory related to the conditions of average sun exposure for the climate in Central Europe.*

Eurovent DECK

Application:

The Eurovent DECK is designed for closing the roof ridge at gable walls. Provides proper air circulation within the ridge area and protects it against penetration of unwanted objects such as leaves, branches and insects. Its universal shape makes it suitable for installation in majority of roof tiles available in the market.

Application / transport:

The product should be stored in a dry place, under cover, free from moisture and UV radiation in original undamaged and closed package. Rolls should be transported in covered means of transport. They should be prepared for transport in a manner that protects them from damage and destruction. During transport safety regulations must be observed. The product should be protected from chemical agents, in particular solventbased substances, as they can reduce technical parameters of foil or permanently damage it.

Contained information, advice and guidance is given based on our knowledge, researches, experience and in good faith. We are not responsible for the consequences of improper or incorrect use of our products. Each user of this material will ensure in every possible way, including an examination of the final product in the relevant conditions, the suitability of supplied materials to achieve the objectives pursued by him.
