Colour		steel
Weight per meter	[kg]	ca. 4
Pallet	[box / pcs]	800 / 20 000
Box	[pcs]	2

#### Advantages:

- Protection against corrosion
- Fast and easy installation
- Universal solution

\* on request

## Eurovent PLATFORM

### Application:

Platform is designed to enable foot traffic within the chimney area and on the roof. Fixed with the use of suitable adapter and grip. Suitable for application on roof slopes ranging from 15 to 60 degrees. Package includes mounting screws.

### Storage / transport:

The product should be stored in a dry place, under cover, free from moisture and UV radiation in original undamaged and closed package. Rolls should be transported in covered means of transport. They should be prepared for transport in a manner that protects them from damage and destruction. During transport safety regulations must be observed. The product should be protected from chemical agents, in particular solvent based substances, as they can reduce technical parameters of foil or permanently damage it.
